

1:Right click on the mouse to update software drivers

2:Browse my computer for drivers

Update Drivers - Verifone USB to Modem

Windows was unable to install your Verifone USB to Modem

Windows could not find drivers for your device.

If you know the manufacturer of your device, you can visit their website and check the support section for downloadable drivers.

→ [Search for updated drivers on Windows Update](#)

3: Select from the list of device drivers on the computer

4: Install from disk, Find the "inf" file, install it

Select the device driver you want to install for this hardware.
